

Introductory FFT Aspire Training Course Comes To Cardiff.

FFT Education are holding their hands on computer based introductory course for FFT Aspire at the Cardiff & Vale College, Cardiff on Friday 28 April and Tuesday 11 July.

The practical hands on course explains the evaluation and target setting and dashboards, plus gives you the opportunity to get to grips with analysing groups of pupils, subject performance and individual results through FFT Aspire's interactive functionality.

Participants attending this practical hands-on course will:

- Gain an overview of the FFT Aspire system
- Access and use the suite of reports in the self-evaluation dashboard
- Interpret your school's performance data, including the analysis of pupils, groups and subjects
- Consider forward looking pupil and subject estimates
- Be able to set end of key stage targets for pupils in each year group (KS2 or KS4)
- Identify how the FFT Collaborate functionality enhances school-to-school support.

The full day course is led by an FFT expert, and costs just £290 plus vat per delegate.
